Number of staff who tested positive for COVID-19	1	0	0	1	0	0	0	0	1
Number of staff who were positive for COVID-19 and passed	0	0	0	0	0	0	0	0	0

5/21/20 Since last update the facility has one positive staff member in the nursing department at Poplar Run. The facility is working with the PA Department of Health to determine the appropriate measures related to testing of residents and staff. No additional residents or staff are symptomatic at this time. Residents who were exposed to this staff member were contacted individually by the facility. Infection control precautions have been revised to include Personal Protective Equipment (PPE) as outlined on the CDC guidance for management of residents exposed to a positive COVID-19 caregiver but not

5/22/20 The facility was notified today that we were approved by the State for on-site infection control support as well as universal testing of residents and staff. The PA Department of Health, Bureau of Epidemiology will be working with the facility in the upcoming days/weeks to complete Point Prevalence Surveying and assist in infection control measures to mitigate any additional COVID-19 exposure or risk to the residents and our staff. Currently all previously exposed residents and staff remain asymptomatic.
