Number of staff who were positive for COVID-19 and passed	0	0	0	0	0	0	0	0	0	0

5/31/20 Healthcare 3 received the results for 1 of the 3 outstanding COVID-19 tests previously listed on our daily reporting. The test results were Negative for COVID-19. Two tests results remain outstanding and the residents who were tested remain asymptomatic. 5/31/20 StoneRidge Towne Centre is pleased to announce that Healthcare 2 unit is now designated as an unaffected unit. As previously announced Healthcare 1 was designated as an unaffected unit on 5/28/20 and continues with no new signs or symptoms of COVID-19. All residents and staff are asymptomatic and slowly resuming activity, under this new "Normal". StoneRidge Towne Centre continues to follow all State and Federal guidance related to personal protective equipment and restricted visitation. While we acknowledge that our Counties are designated at yellow status and that some of our activities have been able to resume, nursing homes continue to be at Red level restrictions due to the mere structure of the living environment (community living with shared rooms, common areas, bathrooms, etc.) and the risk level of the residents we serve being the most vulnerable. We appreciate your understanding and support during this time, as we are sure the restrictions have been difficult for everyone involved, but look forward to the bright future and being able to see everyone again.

StoneRidge Towne Centre is pleased once again to announce the designation of Healthcare 2 as an "Unaffected COVID-19 Unit" and are very proud of the great work and commitment of the StoneRidge Team. The facility continues to work through the management of COVID-19 cases on Healthcare 3 with positive movement to unaffected designation for them as well.
