6/9/20 StoneRidge Towne Centre completed the baseline COVID-19 testing today for all residents and staff who were not previously identified as being positive for COVID-19. Total tests completed include 65 residents tests and 145 staff tests. All test samples were sent to the Pa Department of Health Bureau of Laboratories for processing. The facility anticipates receiving the results of the test within the next 48 to 72 hours. Upon receipt of the test results the facility will contact all resident representatives as well as State officials while implementing cohorting interventions as needed to management any newly identified positive resident or staff member. The facility will post to the website and provide to residents and staff the testing results within 24 hours for only one new case or within 72 hours if 3 or more new cases are identified as outlined in State and Federal regulations. At present time all residents tested present with no symptoms of COVID-19 or respiratory conditions.

6/9/20 Towne Centre Personal Care - all outstanding COVID-19 swab tests were received at the facility. All residents and staff tests were noted to be negative for COVID-19. At present time the facility is still working through the plans to initiate baseline testing for Personal Care residents. Updates to the website and notification to staff and residents will be completed as the plans are developed and a date for testing is determined. At this time no additional residents have been identified with symptoms of COVID-19 or respiratory conditions.
