6/22/20 Countryside Christian Community outstanding lab results for residents and staff have been returned. All testing was noted to be negative. Great Job to the team at Countryside. Over the last few days there have been questions related to when the facility will allow for visitation or why is the facility still restricting access when there are no positive cases noted. I have attached a letter located in the VP letters section of the website providing additional clarification on the reason for restrictions and supporting documents. I trust that this guidance will provide the clarification to the visitation questions you may have.
