Number of staff who tested positive for COVID-19	2	2	0	2	1	0	0	0	1
Number of staff who were positive for COVID-19 and passed	0	0	0	0	0	0	0	0	0

6/22/20 StoneRidge Poplar Run is pleased to announce that the facility is moving to the designation of "Unaffected" effective this date. The facility has been free of new COVID-19 cases for staff and residents for the last 16 days and meets all State and Federal criteria for this designation. Residents who were previously identified as being positive for Covid-19 have recovered with no COVID-19 related resident deaths. The facility has done an outstanding job of managing the COVID-19 cases while preventing further resident and/or staff cases during this time period. There have been several questions related to when the facility will allow for visitation or why is the facility still restricting access when there are no new positive cases. I have attached a letter located in the VP letters section of the website providing additional clarification on the reason for restrictions and supporting documents. I trust that this guidance will provide the clarification to the visitation questions you may have.
