05/28/20 Towne Centre Healthcare 1 was designated as an "Unaffected COVID-19" Unit.

05/31/20 Towne Centre Healthcare 2 was designated as an "Unaffected COVID-19" Unit.

6/22/20 Update - Repeat testing of Dietary staff - results were negative of COVID-19. The facility continues with management of baseline testing for all staff and residents to meet the State requirement. No resident or staff present with new symptoms or COVID-19. The facility continues to screen all residents and staff for symptoms of COVID-19 and will report on new concerns if noted. Over the last few days there have been questions related to when the facility will allow for visitation or why is the facility still restricting access when there are no new positive cases. I have attached a letter located in the VP letters section of the website providing additional clarification on the reason for restrictions and supporting documents. I trust that this guidance will provide the clarification to the visitation questions you may have.
