10		
11		
12 Facility COVID-19 Status	04/12/21	
13 State of Pennsylvania Positivity Rate:	9.5%	Down from 6.5% two weeks ago.
14 County Positivity Rates:	Rate	Frequency of Testing Required for Staff
15 1st Check Point in Month - 04/12/21	9.3%	5% to 10% - Medium Activity (TESTING FREQUENCY - TWICE A WEEK) This is week one of the two weeks required to maintain positivity rates between 5 to 10%. If the county positivity rate is maintained for one additional week the facility will be able to reduce staff testing to weekly.
16 2nd Check Point in Month - 03/29/21	7.5%	5% to 10% - Medium Activity (TESTING FREQUENCY - TWICE A WEEK) This is week one of the two weeks required to maintain positivity rates between 5 to 10%. If the county positivity rate is maintained for one additional week the facility will be able to reduce staff testing to weekly.
17		
18 STAFF Testing:		Outcome of Testing Listed Below
19 Test 1	04/02/21	One positive staff case identified in dietary. Contact tracing completed with no additional concerns noted. Resident and staff testing completed per requirements with no additional cases identified. Facility staff follow state and federal guidance related to infection control protocols and PPE utilization. Scheduled visitation continues during 14 monitoring period post COVID. Clear date 04/16/21, additional testing will be completed per regulation.
20 Test 2	04/09/21	No Staff cases identified

Description	Date of Reporting	Status
21 Test 3	04/14/21	One positive staff case identified in administration. Contract tracing completed with no additional concerns noted. Whole house staff testing completed with no additional cases identified. The facility is currently testing all staff two times per week based on county positivity. Testing will continue as outlined in state and federal regulations. Based on the newest case the facility clear date would be 04/20/21 if no additional staff or resident cases are identified before that date based on facility testing.
